**CLIMATE CHANGE**

The month of April this year was the warmest, driest month of April on record in Ireland. I hear you say "give us more of that beautiful weather". Some parts of the country had no rainfall for six weeks. Now that May has begun, we are back to cooler and changeable weather patterns. Remember the old saying "do not cast a clout until May is out"

Now that climate change is a worldwide issue, perhaps it is appropriate that one of our parishioners has submitted the following article which gives us food for thought.

**EVERYBODY IS TALKING ABOUT IT EXCEPT US**

Everybody is talking about it except us; have nothing to say? The TV, radio, the papers and even a proposed worldwide rock concert and yet we, the Church, appear to have little or nothing to say about Climate Change.

At every Mass we pray, "Blessed are you Lord God of all Creation, through your goodness we have this bread to offer, which Earth has given"; but do we really see ourselves as responsible to God for the Earth or are we content to leave it to the Environmentalists and Politicians?

Scientists tell us that numerous species are in danger of extinction if global warming continues. What is our response as People of God the Creator? What will we do?

In a public audience on the 17th January 2001, Pope John Paul II said "If we scan the regions of our planet, we immediately see that humanity has disappointed God's expectations. Man, especially in our time, has without hesitation, devastated wooded plains and valleys. Polluted waters, disfigured the earth's habitat, made the air unbreathable, disturbed the hydro geological and atmospheric spheres and turned luxuriant areas into deserts and undertaken forms of unrestrained industrialisation, humiliating the flower-garden of the universe, to use the image of Dante Alighieri (Paradiso, XXII, 151). We must therefore encourage and support the 'ecological conversion' that in recent decades has made humanity more sensitive to the catastrophe to which it has been heading. Man is no longer the Creator's 'steward' but an autonomous despot, who is finally beginning to understand that he must stop at the edge of the abyss"

If you are not already doing so please begin to print on both sides of the page, turn your thermostat down by one degree, turn off lights, recycle and compost as much as you can and if and where possible, leave the car at home.

May God who made all creation and found it to be very good help us to see more and more it's sacred goodness and show us where and how to change our World. Amen.

**CORPUS CHRISTI PROCESSION**

This year marks the 75th Anniversary of the great Eucharistic Congress held in Dublin in 1932. some of our older parishioners may well remember this celebration from their childhood days. Our Parish Liturgy group discussed marking the occasion here in St Agnes Parish. It was decided to celebrate the Anniversary on Sunday 10th June at the end of the 7pm Mass with a Corpus Christi Procession in the Church Grounds.

We will be inviting different groups to be involved and hope you will note the Procession in your diary and make an effort to be present for this public celebration in honour of the Blessed Sacrament. We hope to invite the 1st Communion children to be with us on the evening.

We will be promoting this Procession again closer to the 10th June.
