Thought for the Week
"Go Make disciples of all the nations; I am with you always; yes to the end of time" Mt28:19-20

THE DEEP END • Conveyors of Mercy

As well as the feast of the Ascension, today is World Communications Day 2016. This year's theme is 'Communication and Mercy: A Fruitful Encounter'. The theme was chosen to coincide with the Holy Year of Mercy called by Pope Francis to highlight the mercy of God.

In his message for the 50th World Communications Day, Pope Francis talks about how our every word and gesture should express God's compassion, tenderness and forgiveness.

'If our hearts and actions are inspired by charity, by divine love, then our communication will be touched by God's own power. I would like to invite all people of good will to rediscover the power of mercy to heal wounded relationships and to restore peace and harmony to families and communities.'

He also highlights the importance of technology and social media as tools of communication, which must be used responsibly. 'The digital world is a public square, a meeting-place where we can either encourage or demean one another, engage in a meaningful discussion or unfair attacks. The internet can be used wisely to build a society which is healthy and open to sharing.'

It is fitting that this day coincides with the Feast of the Ascension. When Jesus was lifted up to heaven, he entrusted his disciples with the important task of preaching forgiveness to all the nations.

'The Church's words and actions are all meant to convey mercy, to touch people's hearts and to sustain them on their journey to that fullness of life which Jesus Christ was sent by the Father to bring to all.' Pope Francis' message for the 50th World Communications Day
