B.E. - BEGINNING EXPERIENCE

B.E. is a support group for those coping with the pain of loss of their life partner, through Death, Separation or Divorce. Few people are able to cope alone with the pain of loss. Do you find that you need more support than family and friends can provide? Seeking help is a sign of strength and self-knowledge – not weakness. This is a healing ministry, which helps to resolve the grief that goes with the end of a marriage or relationship. Coping effectively with bereavement is a skill we can all learn.
Next residential weekend will be held **17th – 19th November 2017,** in **Emmaus Retreat Centre, Swords, Co Dublin. For** further information please contact 086 0877379 or email bedublin@gmail.com. www.beginningexperience.ie

Thought for the Week

"Give the ones you love, wings to fly, roots to come back to and reasons to stay" - Dali Lama

THE DEEP END: Charity and Dignity

A number of years ago, I began working for a well-known homeless charity. At the induction week we had the privilege of being addressed by a leading campaigner against homelessness in Dublin city. 'Do not give broken cups to broken people' resonated from the address and has stayed with me ever since.

As acts of charity many people are often inclined to give or donate old items that they no longer have use for. Within this there is a sincere act of generosity and perhaps a desire of not letting anything go to waste. However, there is a challenge here to consider the recipient's feelings on being handed worn out clothes, almost out of date food or damaged toys. How, perhaps, is this impacting on their feeling of worth in society today? Are they not worthy of some new clothes to regain their sense of pride? Some fresh and tasty food to nourish their bodies? Some new, clean toys, the same as other children their age?

These are superficial examples but point towards a challenge to society to provide services of the highest standards to vulnerable people. History and even recent news stories from both home and abroad have presented infuriating examples time and again. Good intentions need to be coupled with thoughtfulness and a determination to give only the best to our neighbour most in need, to show them that they are respected and loved.
